

ABOUT US

Yueqing Liyond Electric Co.,Ltd.who located in Yueqing city Zhejiang province China,which is praised as the capital of electric appliance. We are engaged in developing,producing,trading and servicing electrical products for more than 15 years.

We are specialized in handling spares of 12kV,24kV,40.5kV Switchgear and Vacuum Circuit Breaker.Which can fit with ABB,Schneider and Siemens switchgear and Vacuum Circuit Breaker.Such as Earthing switch,SF6 load break switch,contact box,busbar bushing,insulator,Heatshrinkable tube,contacts,embedded pole, insulating draw bar,auxiliary switch,counter etc.

We mainly adopt APG,DMC,BMC press technics. Meanwhile,own advanced CNC machine,big tonnage press machine,bending machine and matching equipments and inspection equipment.Our enterprise have passed ISO9001:2000 quality control system authentication.Our several products have achieved CE,ROHS,CCC certificate,and also got test report issued by XI'a High Voltage research institute.Our advanced managing and technical teams endue us with sufficient technical supports,producing control and ensuring delivery time.

We establish excellent business relationship with our customers based on mutually beneficial cooperation. Our quick feedback,stable quality and fast delivery time to service customers always help us own high reputation. Our products mainly sale to Europe,Russia,Middle Asia, South-East Asia and Middle East area etc.

We are really hoping that can establish trust and sincere,mutual benefit cooperation relation with domestic and oversea enterprises.We can supply with stable quality and effective service in according to ensuring production and create bright development in the future.

Enterprise mission:Quality firstly,effective services,conside about customes wants,Casting a brilliant business.

Service idea:The service creates value,service to win the respect,service brand.

Enterprise spirit:sincere to win the world,join hands to create the future.

Core values:integrity,dedication,diligence,sharimg, cooperation,win-win.

Switchgear accessories series

PART

069-72

Chasis truck

096-098

Secondary plug socket

073-093

Switchgear accessories

099

Charged display device

094

Auxiliary switch

100

Indoor electromagnetic lock

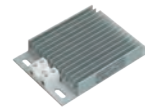

095

Latching electromagnet

101

Lighting lamp & Aluminum alloy heater

Earthing switch series

PART

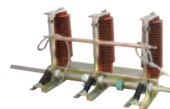

103-108

12kV Earthing switch

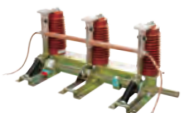

111-114

40.5kV Earthing switch

109-110

24kV Earthing switch

115

Bevel gear

Circuit breaker accessories series

PART

117-148

Vacuum interrupter embedded poles

154

Five digits counter

149

Auxiliary switch

155

Circuit board

150-153

Insulated operating rod

156

Circuit breaker panel

Contents
