Established in 2008, Guangdong Shunde Motu Industry Co., Ltd is a professional manufacturer and exporter that is concerned with the design, development and production of gas water heater, gas room heater and gas cooker.

We are located in Guangdong Province, China, with convenient transportation access. All of our products comply with international quality standards and are greatly appreciated in a variety of different markets throughout the world. Our well-equipped facilities and excellent quality control throughout all stages of production enables us to guarantee total customer satisfaction. Besides, we have received ISO9001 as a result of our high quality products and outstanding customer service, we have gained a global sales network reaching Australia, Africa, Canada, Spain.

If you are interested in any of our products or would like to discuss a pending order, please feel free to contact us. We are looking forward to built up successful business relationships with new clients around the world in the near future.

Gas Water Heater

Range Hood

Gas Cooker

FLUE TYPE GAS WATER HEATER

HIGH EFFICIENCY AND ENERGY SAVE INTELLIGENT HOT SHOWER

Intelligent knob control, enjoy a comfortable bath at home

Powerful Instant Heat
Capacity from 10 to 16 liter per minute

Knob Control Temperature Adjust
Luxury one knob control design

Quality Heat Exchanger
Oxygen-free copper heat exchanger

FLUE TYPE GAS WATER HEATER

Professional water heating cares every
inch of your skin

● Silver ● White

Realtime Temperature Display

Digital water temperature display

Durable Component

Oxygen-free copper heat exchanger

With Overheat Protect Device

Multiple protect device for your
safety shower

OUTDOOR WATER HEATER

NATURAL VENT OUT-DOOR WATER HEATER

Natural vent structure best design for outdoor camping

MT-F15

- Capacity: 6 ~ 20L/min
- Heat exchanger: Copper
- Gas burner: Stainless steel
- Gas-water valve: Aluminum and brass
- Control: manual knob control
- Ignition: 3V battery ignited(open flue type)

MT-F16

- Capacity: 6 ~ 20L/min
- Heat exchanger: Copper
- Gas burner: Stainless steel
- Gas-water valve: Aluminum and brass
- Control: manual knob control
- Ignition: 3V battery ignited(open flue type)

MT-F17

- Capacity: 6 ~ 20L/min
- Heat exchanger: Copper
- Gas burner: Stainless steel
- Gas-water valve: Aluminum and brass
- Control: manual knob control
- Ignition: 3V battery ignited(open flue type)

MT-F18

- Capacity: 6 ~ 20L/min
- Heat exchanger: Copper
- Gas burner: Stainless steel
- Gas-water valve: Aluminum and brass
- Control: manual knob control
- Ignition: 3V battery ignited(open flue type)

MT-F19

- Capacity: 6 ~ 20L/min
- Heat exchanger: Copper
- Gas burner: Stainless steel
- Gas-water valve: Aluminum and brass
- Control: manual knob control
- Ignition: 3V battery ignited(open flue type)

MT-F20

- Capacity: 6 ~ 20L/min
- Heat exchanger: Copper
- Gas burner: Stainless steel
- Gas-water valve: Aluminum and brass
- Control: manual knob control
- Ignition: 3V battery ignited(open flue type)

MT-F23

- Capacity: 6 ~ 20L/min
- Heat exchanger: Copper
- Gas burner: Stainless steel
- Gas-water valve: Aluminum and brass
- Control: manual knob control
- Ignition: 3V battery ignited(open flue type)

MT-F24

- Capacity: 6 ~ 20L/min
- Heat exchanger: Copper
- Gas burner: Stainless steel
- Gas-water valve: Aluminum and brass
- Control: manual knob control
- Ignition: 3V battery ignited(open flue type)

MT-F21

- Capacity: 6 ~ 20L/min
- Heat exchanger: Copper
- Gas burner: Stainless steel
- Gas-water valve: Aluminum and brass
- Control: manual knob control
- Ignition: 3V battery ignited(open flue type)

MT-F22

- Capacity: 6 ~ 20L/min
- Heat exchanger: Copper
- Gas burner: Stainless steel
- Gas-water valve: Aluminum and brass
- Control: manual knob control
- Ignition: 3V battery ignited(open flue type)

MT-F25

- Capacity: 6 ~ 20L/min
- Heat exchanger: Copper
- Gas burner: Stainless steel
- Gas-water valve: Aluminum and brass
- Control: manual knob control
- Ignition: 3V battery ignited(open flue type)

MT-F26

- Capacity: 6 ~ 20L/min
- Heat exchanger: Copper
- Gas burner: Stainless steel
- Gas-water valve: Aluminum and brass
- Control: manual knob control
- Ignition: 3V battery ignited(open flue type)

MT-R01

· Material : Stainless steel + Glass canopy

· Product size(mm) : 600 / 700 / 750 / 900

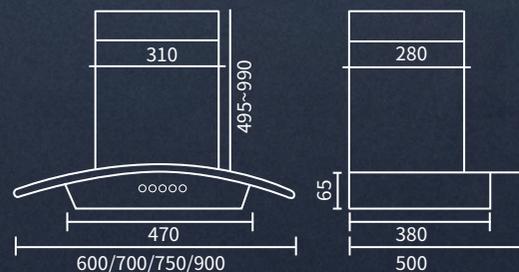

· Control : 3 speed push switch

· Suction power : 1000 m³/h

· Light : 2 X 5W Halogen lamps

· Filter : 5 lays aluminium filter

· Chimney : Brushed steel chimney section

MT-R02

· Material : Stainless steel + Glass canopy

· Product size(mm) : 600 / 700 / 750 / 900

· Control : 3 speed push switch

· Suction power : 1000 m³/ h

· Light : 2 X 5W Halogen lamps

· Filter : 5 lays aluminium filter

· Chimney : Brushed steel chimney section

MT-R03

· Material : Stainless steel + Glass canopy

· Product size(mm) : 600 / 700 / 750 / 900

· Control : 3 speed push switch

· Suction power : 1000 m³/ h

· Light : 2 X 5W Halogen lamps

· Filter : 5 lays aluminium filter

· Chimney : Brushed steel chimney section

MT-R04

· Material : Stainless steel + Glass canopy

· Product size(mm) : 600 / 700 / 750 / 900

· Control : 3 speed push switch

· Suction power : 1000 m³/ h

· Light : 2 X 5W Halogen lamps

· Filter : 5 lays aluminium filter

· Chimney : Brushed steel chimney section

MT-R05

· Material : Stainless steel + Glass canopy

· Product size(mm) : 600 / 700 / 750 / 900

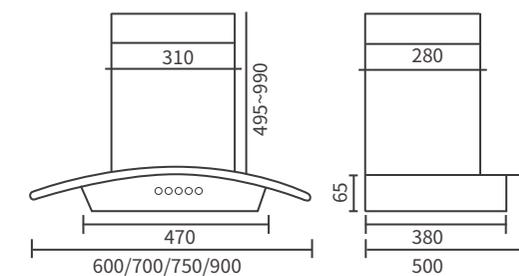

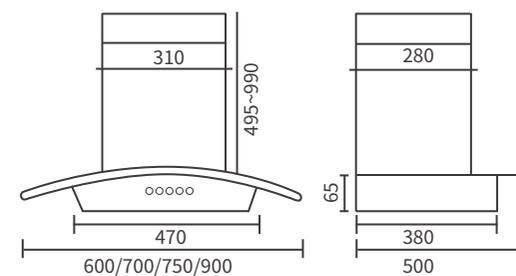

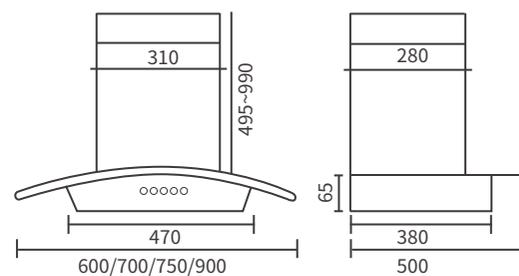

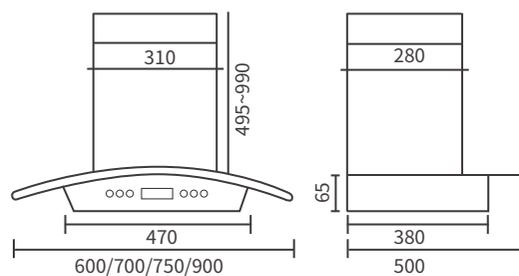

· Control : 3 speed push switch

· Suction power : 1000 m³/ h

· Light : 2 X 5W Halogen lamps

· Filter : 5 lays aluminium filter

· Chimney : Brushed steel chimney section

MT-R06

- Material : Stainless steel + Glass canopy
- Product size(mm) : 600 / 700 / 750 / 900
- Control : 3 speed push switch
- Suction power : 1000 m³/ h
- Light : 2 X 5W Halogen lamps
- Filter : 5 lays aluminium filter
- Chimney : Brushed steel chimney section

MT-R07

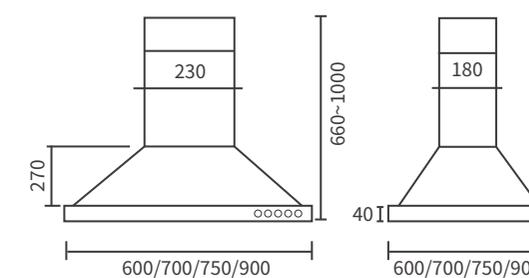

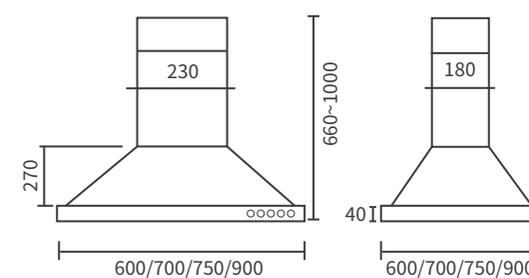

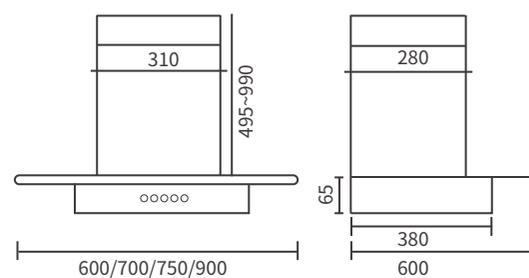

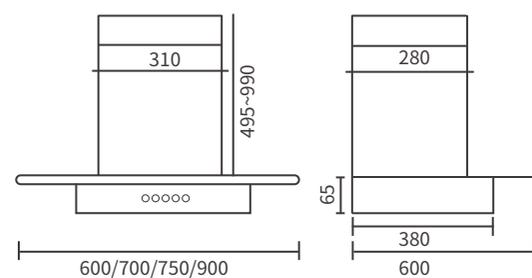

- Material : Stainless steel + Glass canopy
- Product size(mm) : 600 / 700 / 750 / 900
- Control : 3 speed push switch
- Suction power : 1000 m³/ h
- Light : 2 X 5W Halogen lamps
- Filter : 5 lays aluminium filter
- Chimney : Brushed steel chimney section

MT-R08

- Material : Stainless steel + Glass canopy
- Product size(mm) : 600 / 700 / 750 / 900
- Control : 3 speed push switch
- Suction power : 1000 m³/ h
- Light : 2 X 5W Halogen lamps
- Filter : 5 lays aluminium filter
- Chimney : Brushed steel chimney section

MT-R09

- Material : Stainless steel + Glass canopy
- Product size(mm) : 600 / 700 / 750 / 900
- Control : 3 speed push switch
- Suction power : 1000 m³/ h
- Light : 2 X 5W Halogen lamps
- Filter : 5 lays aluminium filter
- Chimney : Brushed steel chimney section
