BRIEF INTRODUCTION

Ningbo Chen Fan Auto Accessories Co., LTD was founded in 2007, we are a innovation-oriented company who have been committing to D&D, manufacturing of Auto rack system products and outdoor bike carrier system products. The Internationalized Design Team is one of our main advantage . We have been insisting on the basic philosophy of innovation in all aspect of company operation, not only in the section of Design and Research, Analysis of Management strategy, but also concept development of product, and launch & promotion of new products.At present, the focus of our R&D is mainly leading to two direction: all series of products subjecting to “Tresurall” Brand and Customized style from renowned VIP clients.

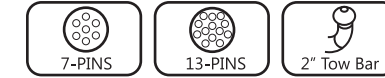

We have acquired more than 100 Patents, and all our product series has been granted with TUV, GS ISO-11154, ISO-15263-4, our Production base totally occupies an area of 15000m2. In addition, we have full set of professional product-performance testing equipment in the factory and our company has passed the Bureau Veritas Certification ISO9001-2008(Quality System certification of Enterprises).

“Time to go”,Tresurall is now on the way of exploring actively and pursuing hardly for creating a worldwide top brand, we are looking forward to an opportunity of working together with you, for a mutual splendid achievement in the future.

REAR MOUNTED BIKE CARRIER
