ABOUT THE GTL POWER

With ten-year development, Xiamen GTL Power System has accumulated rich experience in manufacturing generator sets and been the leading manufacture in this industry. We design, manufacture and sell the full range of diesel generators in Xiamen city, which is one of the most dynamic industry cities around China.

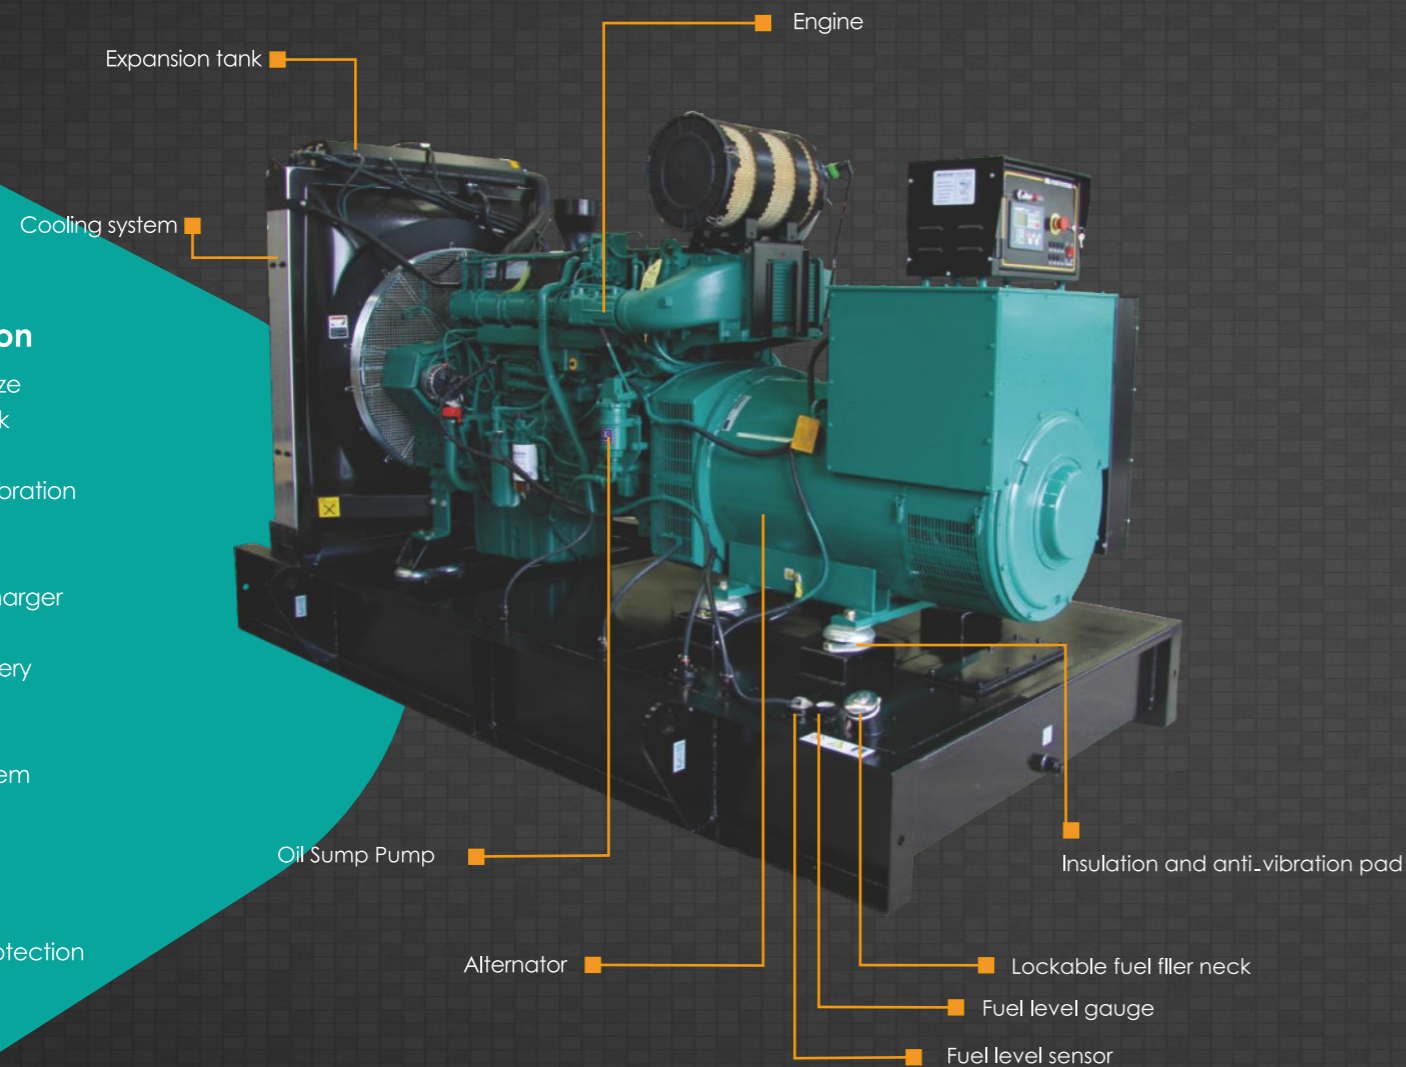

We aim at providing perfect technical solution and effective after-sales service by providing the most cost-effective products with high quality and advanced technology to create higher value for you.

Exquisite Detail , Superior Quality

Standard Configuration

- Cooling system with large size radiator and expansion tank
- Heavy-duty chassis
- Built-in insulation and anti-vibration block
- Free-maintenance battery
- AC alternator for battery charger
- Battery charger
- Cable and bracket for battery
- Battery isolation switch
- Main circuit breaker
- Automatic start control system
- Fuel-Water separator
- Fuel level sensor
- Oil sump pump
- Full load test
- Comprehensive security protection
- Emergency stop button

Optional Configuration

- Silent Canopy
- Heavy duty air filter
- Cold weather operation
- Engine coolant heater
- Intake air heater
- The sensor of cooling water level
- Anti-condensation heater(alternator)
- PMG alternator
- Power sockets panel
- Leakage circuit breaker
- High capacity fuel tank
- External fuel connections
- Automatic fuel refilling device
- Superior residential type silencer
- Skid with forklift slots

- Control system with parallel function
- ATS (Automatic transfer switch)
- Mobile trailer chassis

★Note: Special configuration is available
