ABOUT US

Ningbo Haward Razor Co., Ltd. is a professional manufacturer of all types of shaving razors, integrating razor development, production and marketing together. Our company was established in 2011. The main products include disposable shaving razor, women body hair razor, eyebrow razor, traditional safety razor, new design system razor and other related shaving products. The manufacturing base is located in Jiaxing province with rich labour sources. The office is in Ningbo city, which is an advanced sea port city, enjoys convenient water, land and air transportation.

Our company employs more than one hundred staff of which 10% are the professional and experienced technical and management personnel. We have a young and dynamic team. Young Haward is keeping growing up at an amazing speed. Through the efforts of our entire staff, Haward has become a top shaving razor manufacturer in China. Haward razor people have continuously tried to improve the quality of razor blade. We introduced the new technology and equipment from Germany and Korea. We developed the razor head automatically assembled machine by ourselves, the quality and production capability was improved greatly.

Haward people pay much attention to the quality of razor. We have achieved ISO9001 quality system management certification and ISO 14001 Environmental system management certification. We guarantee that all the goods will be strictly inspected by our professional QC staff before shipment. Haward razors are exported to over 50 countries. We are keeping good business relationship with many famous supermarket and chain stores.

We will deliver outstanding results

Haward regards reasonable price, efficient delivery and good after-sale service as our tenet. To make the best choice in the world is all Haward people's final goal.
