Company profile

ZENITH LAB(JIANGSU)CO.,LTD is located in No.12,Hongshan Road,Jincheng Industrial area in Jintan,covering an area of over 15000 square meters .As a professional provider of laboratory apparatus,it produces over 80 thousand laboratory and scientific apparatus each year,80 percent of which are shipped overseas.

It produces various types of centrifuges,incubators,dry ovens,stirrers,oscillators,water baths,oil baths,distillers and sterilizers,with all kinds of auxilary(quartz glass)apparatus.The products are popular both at home and abroad,especially the low speed centrifuge,whose sales and production volume is among the tops in the industry.We have also established a cooperative relationship with Korean manufactures in producing incubators.Moreover,we hold a number of product patents which further strengthens our competitive capabilities both in the domestic and international markets.

The products are widely used in the areas of medical treatment,education,scientific research,chemical industry,machinery,resources,environmental protection,etc.,and have won high praise from customers in Southeast Asia,the Middle East,Africa,Europe and America.

We have established stable R&D relationships with colleges and universities and offer research opportunities for college students.Every year graduate students from Tsinghua University come here to make technical innovations.In the future we will continue to pursue innovation,apply advanced technologies and lay a solid foundation for the long-run development.

History of our Enterprise

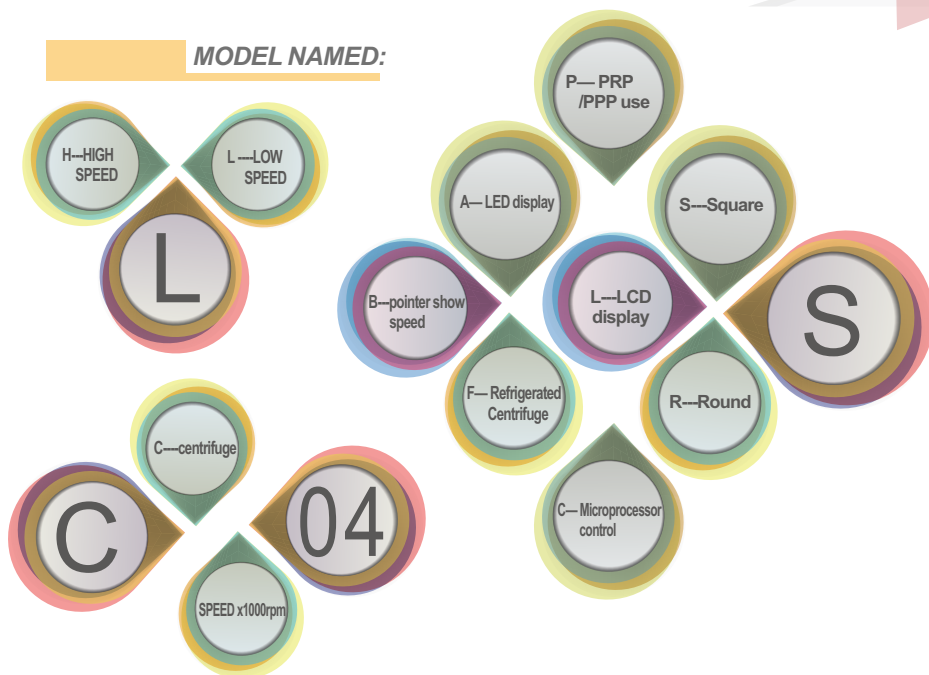

October 1988.	Established to produce(quartz) glass apparatus
March 1998	Scaled up to produce laboratory apparatus including stirrers,water bath pans ,centrifuges,incubators,etc
April 2000	JINTAN ZHENGJI INSTRUMENTS CO.,LTD was established
August 2002	Certified by ISO9001:2000
July 2004	The centrifuges were registered in the State Food and Drug Administratio
December 2006	Granted the title of Famous Brand of Changzhou
October 2007	Acquired the Self-Operation Export&Import Right,and started exploring the oversea market
May 2008	The new workshop is put into use and the company is renamed JIANGSU ZHENGJI INSTRUMENTS CO.,LTD
November 2008	The centrifuges, water bath pans and incubators passed Union CE Certification
January 2009	Obtained orders(indirectly)from World Health Organization
March 2010	A sales branch company was established in Dubai
November 2010	Certified by ISO9001:2008
June 2011	Obtained orders(indirectly)of incubators from United Nations Peacekeeping Forces
June 2011	A sales branch company was established in U.S.A
August 2012	Won patent demonstration enterprise designation
September 2012	The centrifuges passed German TUV Special Export Certification
September 2012	To pass North America cTUVus Safety Certification
September 2013	Zhengji brand continue to be well-known trademarks in ChangZhou
May 2014	The ministry of commerce approval of overseas investment
November 2015	The centrifuges, water bath pans and incubators passed Union CE Certification
July 2016	Certified by ISO13485:2003
March 2017	Certified by ISO9001:2015
December 2017	Certified by FDA

- ◆ Full metal lid, stable running, low noise, high speed precision.
- ◆ Intelligent microcomputer control, brushless motor drive
- ◆ The display of rotor no, the RPM and RCF can switch each other, calculating the RCF value automatically
- ◆ 10 period of ascending and descending speed gear is optional
- ◆ Imbalance protection, door cover self-locking, over speed protection, no speed signal protection, motor hall fault protection, power supply voltage is too high, too low protection, over-current protection
- ◆ The automatic fault diagnosis recognition, can be programmed and operated, automatic storage data
- ◆ Equipped with emergency lock device, easy to operate

- ◆Cantilever type design, can prevent the liquid into the machine
- ◆Large range of cooling the body surface, uniform rapid cooling, prevent the operation temperature rises
- ◆Motivation is big, is applicable to work long hours
- ◆Especially suitable for the mixing of large capacity with high viscosity fluid used in laboratory.

Desktop Boiling Sterilizer

• YXF-420

- ◆ Heater with high and fast thermal efficiency
- ◆ Timer range: 0-120mins
- ◆ Small, safe and durable
- ◆ With bakelite handle, more safety for operation.
- ◆ Applicable to hospital, clinics, scientific research institutions for boiled sterilizing of operation apparatus and glassware for medical use.
